

Hrvatska mi je postala redovito odredište u proteklih nekoliko godina. Rastuće prijateljstvo sa Tihijem i članovima „Dinarida” omogućava najbolju pripremu istraživanja u ovoj čudesnoj zemlji.

Ekspedicija “Zrmanjin zov” službeno je otvorena 21. srpnja uz speleo-ronioce i predstavnike lokalnih vlasti kratkim Tihijevim govorom, notama hrvatske himne i malom zabavom u kojoj su svi uživali. Naša prva “meta” bio je izvor – nama nov – ali istražen prije nekoliko godina od strane Francuza, do dubine od -50 metara.

U rano jutro, 22. srpnja, napustili smo bazni kamp u Obrovcu prema Donjoj Suvaji, otprilike jedan sat vožnje. Na putovanju smo prolazili kroz neke zbilja fascinantne krajolike, kakvih je Hrvatska puna. Putem, na jednom od mnogih oštih zavoja zastali smo kako bi pružili pomoć motociklistu koji te netom pao i najvjerojatnije slomio rame. Nakon pružene pomoći vratili smo se u aute i nastavili prema odredištu. Čim smo došli, postavili smo kamp na zemljištu lokalnog uzgajatelja pastrva, Marka.
